

### 7.2.1: Best Practise: 01

#### **Best Practise 01**

##### **Title of the Practice:**

Financial support through different sources to the economically weak students by Management

##### **The Context**

The financial Aid is a social cause task to the needy students. It has its own versions of challenges and troubles in designing and implementation under socio-economic disparity. Our students are from rural areas and majority is minority students. There are optimum number of students are deserved to be beneficiary of the Financial Aid. The constraint of this practice is that the inflow and out flow of funds from the reliable sources and to the destinations (student community) and its management.

##### **Objectives of the Practice:**

Jamia Islamia Ishaatul Uloom's Ali Allana college of Pharmacy takes truthful initiatives for the student community to continue their studies in our campus. We support the candidates who join various courses in our college.

At the time of admission there is direct access for economically weak background admission seekers to meet Management president. They decided noble objectives of the practices towards providing financial support to the deserving candidates.

##### **The Practice:**

1. The Financial Aid is a supportive solution mechanism for a socio-economic imbalance in terms of Money and employment opportunity. This made the management to adapt the practice in the campus. As the consequence of the financial scenario, the family with average and lower income groups are hesitating in sending their children for higher education becomes almost impossibility. For the poor parents of rural areas higher education becomes dream for them proper suggestions and guidance are provided such that their dream becomes true through this effective practice.

- For this, the college Jamia Islamia Ishaatul Uloom's Trust approached voluntary donations to be collected from reliable Sources to directly to the deserving students.
- The financial Support is extended to all the deserving poor students without any discrimination of caste, creed or gender. Documentary evidence enclosed and strictly following the guidelines framed for the purpose, and submits the same to the Principal for sanctioning the actual amount of the aid.

**Evidence of Success:**

The following table proves that the contribution of Management president has great influence and impact on student community.

| Year                  | No of students | Total Amount Benefited by President Fund Amount (In Lakhs) |
|-----------------------|----------------|--|
| 2016-2017             | 35             | 33,60,000  |
| 2017-2018             | 21             | 14,80,000  |
| 2018-2019             | 25             | 20,52,000  |
| 2019-2020             | 44             | 9,90,000   |
| 2020-2021             | 32             | 18,45,912  |
| 2021-2022             | 84             | 20,08,177  |
| 2022-2023             | 57             | 18,53,165  |
| <b>Total Students</b> | <b>298</b>     | <b>1,35,90,234</b>   |

### **Problem encountered and Resources Required**

1. To identify the right student from the pool of candidates is a tough task.
2. Verification of the financial backwardness of the aspirants was yet another challenge.
3. Non-salary grant by the UGC restrict the college to provide more help to the students.

### 7.2.1 Best Practise 02

#### Title of the Practice: Voluntary Blood Donation Camp

##### Context:-

Akkalkuwa district Nandurbar which has a predominantly tribal population, has the greatest number of sickle cell anaemia patients. Blood transfusions are one of the most critical treatments for sickle cell patients. However fewer people donate blood so the volunteers of JIIUS Ali- Allana College are explained theoretical aspects of blood donation. In 2019 the District civil Hospital planned to organized real Blood Donation Camp in the college campus. The result was amazing. Not only the volunteers but more than 400 students visited the camp and 85 units of blood was collected from the students. Since than it has been a regular practice to organize Voluntary Blood Donation Camp in the college campus, where all the students are allowed to visit and donate blood voluntarily.

##### Objective of the Practise:

To supply of blood to the district civil hospital Government blood bank which can be used for the needy patients. Blood donation camps are organized with the purpose of supplying blood to the government blood banks for the need of patients suffering from sickle cell anaemia, malnutrition cancer, haemophilia, and thalassemia or accident victims.

##### The Practice:

From 2019 on Pharmacist Day, the JIIUS Ali- Allana College of Pharmacy and District Civil Hospital Nandurbar organized Voluntary Blood Donation Camp in the college. A team from District Head Quarters Hospital come to collect blood from volunteers and preserve. The Principal of the college inaugurate the camp. The students motivate their friends to donate blood. It has been a trend that more units to be donate.

##### EVIDENCE OF SUCCESS:

1. The students get the message that Donating blood, without any promotional scheme not only saves multiple lives but also give an opportunity to add value to one's life. It helps in teaching students about humanity and also defines the spirit of our natural co-existence for others.

2. The students realize that Blood cannot be produced artificially. Requirement of blood arises during medical emergencies, accidents and life-threatening diseases. Teaching students about the Importance of blood donation at an early stage will help in saving human lives and the sense of self gratification.

3. The camp helps remove myth from the minds of students. They feel that Blood donation is a noble act. Many people have wrong notions about blood donation and hesitate to donate blood. With the help of the Blood Donation Camps the misconceptions can be reduced and significance of donating blood can be inculcated.

### PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED

1. If any medical issue through donation occurs college campus having Ambulance as well Hospital to overcome on them.
2. Medical & technical team from Blood Bank Voluntary blood Donors, Arrangement of Beds.
